## **Chapter Meet April 2010**

### **Pre-EVENT PERFORMANCE DRIVING DAY**

NAME .....

**NCRS AUSTRALIA INC** invites you to join us with your corvette on the skidpan. This event is being held on Monday 6<sup>th</sup> April immediately prior to commencement of the Judging Meet and is open to any Corvette. You do not need to be a member of NCRS to participate. Also, if you are visiting from Interstate or Overseas we will do our best to accommodate a drive for you in one of the West Coast member's cars.

The session starts with a driver safety briefing and theory on performance driving techniques including vision, seating posture, cornering, braking techniques, smooth driving and weight transfer.

After the classroom session you will be given the opportunity to put it all into practice in your corvette on AutoTest style courses. There will be fully experienced professionals in car to provide performance tips and answer any questions. This course is suitable for both beginners and 'seasoned' competitors hoping to improve their driving skills and lap times.

Participation is open to anyone with a roadworthy car and the current applicable license to drive that vehicle. No special competition license is required.

On the day you are required to present your current driver's license, have no loose objects in your car, be wearing long sleeves and long pants & an approved crash helmet.
